

YOUR ACADEMIC PURSUIT OR GOD'S MISSION?

The College of Southwestern

Imagine a school where the strengthening of your soul is just as important as the strengthening of your mind. Picture a place where there is no separation of your intellectual life and your spiritual life. These once faint dreams are now a reality at the College at Southwestern. Southwestern Baptist

Theological Seminary is proud to announce the creation of the College at Southwestern, a fully accredited baccalaureate college on the campus of the seminary for students just like you.

With sound degree programs in Bible and the history of Western ideas, and optional concentrations in music, education, history of ideas, and homemaking, The College at Southwestern is fearlessly Christian and undeniably academic. Join us now to combine your academic life with your spiritual life and engage the culture for the advancement of the gospel.

Our mission, no matter what your academic pursuit, is to create effective witnesses for the gospel of Jesus Christ. The College at Southwestern will prepare you to live with a heart full of fire and head full of the wisdom of God.

Never in history have we faced times of greater need for Christian leadership in our homes, on our campuses, in our businesses, and from our government. Now is the time to start preparing to meet the demands of the culture by learning the history and development of western thought that shapes the postmodern mind. You'll benefit from our 60-hour core classes in History, Life and Thought that integrate class lecture with small-group breakout sessions. What's more, each course places emphasis on reading both primary and secondary sources of the period. This degree program also requires all students to complete a 24-hour course of study in Bible and theology with opportunities for focused research in multiple disciplines. Graduates of CSW will be uniquely prepared to face the world with a sound Biblical worldview and a specific concentration in one of four areas of the student's choosing. (History of Ideas, Education, Music, and Homemaking)
